Dear Shri Parikh,

We write this to give our testimonial to M/s. SMPS Consultants (P) Ltd., Ahmedabad and its staff who were involved with our Green Field Project at Valsad (Gujarat).

This was Balaji's first project away from the mother plant near Rajkot. This new plant of Balaji is a major large scale Plant - perhaps one of the largest plants of its type in India. Our integrated Plant, producing multi-products, required a comprehensive range of services from our consultants. At this multiproduct food production plant at Valsad, we at Balaji decided to use diverse range of services offered by SMPS. SMPS Consultants (P) Ltd. helped us in achieving this complex goal and we were able to build this World Class Plant in a record time.

Our sincere thanks to SMPS and its staff. We wish SMPS success in its future endeavours.
